He Asserts That She Shot Him in the Hand and Then He Shot Her Twice—He Is a Retired Business Man.

New York, Oct. 7.—Denton H. Hopkins, a retired business man living in Brooklyn, shot and killed his wife this morning. The pair had been separated, and Hopkins today visited her at her boarding house. They quarreled, and according to Hopkins' statement, his wife shot him in the hand. Thereupon he shot her twice, killing her instantly.

DISCLOSED HIDEOUS CRIME.

Ten Year Old Girl Murdered at Rogers Park, Near Chicago.

Chicago, Oct. 7.—Dr. Oliver B. Hart, a young physician residing in Rogers Park, is under arrest pending further investigation of the death of Irene Klokow, 10 years old. It is the opinion of the police that a charge of murder will be lodged against Dr. Hart. The girl died Thursday in a bedroom at the Hart residence, in which she and the physician had been locked for several hours. It is the opinion of the authorities based on the facts disclosed at the inquest held yesterday that the girl was maltreated and then poisoned in an attempt to conceal the crime. After finding that it was impossible for the child to recover, the physician swallowed morphine and lay unconscious all of Thursday and the greater part of yesterday. Late in the afternoon he partially recovered and was brought here and locked up.

When found, the Klokow girl was lying on the bed partially dressed, her hair disarranged and much of it torn from her head and the room showing evidence of a desperate struggle. The girl was unconscious and evidently dying, and Dr. Hart informed Mrs. Cortis that she had swallowed morphine pills, after he had given her some medicine. Just at this instant Mrs. Hart returned from her shopping expedition and the physician summoned by Mrs. Cortis arrived. Dr. Hart repeated to them the story he had told to Mrs. Cortis, and when Dr. Hulstrom went to work over the body of the girl, Dr. Hart went into an adjoining room and swallowed a large quantity of morphine.

Efforts to revive the girl were unavailing, and she died in a short time. The girl was taken about a year ago from the Illinois Industrial Home for Girls by Dr. Hart and his wife, who desired a girl to do light housework.

KILLED WITH IRON PIPE.

Murder Committed at Middletown, N. Y., Yesterday.

Middletown, N. Y., Oct. 7.—Alice Ingerick, nine years old, was found murdered in the cellar of what is known as the Olney farm house near here last night. Her mother, Mrs. Georgia Ingerick, was later discovered in the Olney farm house barn, suffering from severe wounds about the head. The woman kept house for Willis and Fred Olney, two aged brothers. Search is being made for them. A bloodstained iron pipe, with which the crime had probably been committed, was found in the kitchen. No trace of the brothers can be found and some persons are of the opinion that they also have been murdered and that their bodies will soon be found. The child's head was pounded to a jelly, probably with the piece of gas pipe which was found in the kitchen. It is feared that Mrs. Ingerick will die from her wounds.

The woman, who was engaged as a housekeeper for the farmers, has a husband, Daniel Ingerick, residing at Wurstboro, Sullivan county, but they have been separated for three years. One theory is that Mrs. Ingerick and the Olney brothers quarreled previous to the crime which is supposed to have occurred about noon, as the family were evidently at dinner when the interruption occurred.

The murder was discovered by Lulu Ingerick, the 13-year-old sister of the murdered girl, who went to the house in company with neighbors after she had previously called and failed to find her mother. The eldest daughter last saw her sister yesterday morning, when she bade her good bye.

REPUBLICANS NAME HUGHES.

Nominated for Mayor of New York Last Evening.

New York, Oct. 7.—Charles E. Hughes, principal counsel for the committee of the Legislature to investigate insurance affairs was last night unanimously nominated as the candidate for mayor of New York by the republican city convention in Carnegie hall. The other nominations were Richard Young of Brooklyn for comptroller and James L. Wells of the Bronx for president of the board of aldermen.

After a recess to give the various committees an opportunity to confer Senator Page read the platform which embraced a denunciation of the democratic municipal principle of non-partisanship in municipal affairs, a demand for the passage by the next Legislature of laws for the protection of life insurance policyholders and a more rigid official scrutinizing of life insurance companies, the control of future subways by the municipality and the establishment of a municipal lighting plant.

Former Park Commissioner Richard Young then was nominated for comptroller and James L. Wells of the Bronx for president of the board of aldermen.

Will Not Be Candidate.

Richard Young of Brooklyn, who was nominated for comptroller, said last night at his home, that he would have nothing to do with the nomination and that he would not be a candidate.

SHABBY TREATMENT.

Fort Troops Complain of Entertainment in Montpelier.

Fort Ethan Allen, Oct. 7.—Troops A, B, C, D, E, F, H, I, and M, 15th cavalry, and the 23rd and 27th battery, field artillery, reached the garrison yesterday noon from Bolton, where they camped Thursday evening. The men looked pretty well tired out, but the horses stood the trip well. The men lost sleep at Bolton owing to the severity of the weather. During the night a large number were unable to sleep and camp fires were made and the men sat up during the night. Troop G did not meet the command at Montpelier, as was expected. All trace of this troop since it left Brattleboro has been lost, but it is expected they will reach the post in a few days.

The men have many complaints about the treatment they received at Montpelier. They claim that this trip was one of the most disagreeable that they have ever taken.

HE SHOT A DEER.

Dr. W. R. Blossom of Rutland Will Pay For It.

Rutland, Oct. 7.—Dr. W. R. Blossom was found guilty in county court yesterday afternoon of shooting a deer out of season. Judge Watson suspended sentence until Monday's session and fixed bail at \$200. Following the verdict of the Blossom jury, which came immediately after the afternoon opening, Judge Watson announced that the court would adjourn sine die by next Saturday at the latest.

Patrick W. Lalor pleaded guilty to the charge of selling liquor at the Bardwell House without a license. Sentence was deferred. This case grew out of the scenes in the billiard room of the Bardwell House where a "wheel" was operated evenings during the recent Rutland county fair. Several complaints were lodged with the officers that the wheel had a way of being kind to the operator and that liquor was served to people in the billiard room communicating with the bar, long after midnight.

FISHERMEN DROWNED.

Believed 30 Japanese Lost Their Lives During Storm Off Vancouver.

Vancouver, B. C., Oct. 7.—The great southeasterly gale which swept the coast yesterday is believed to have resulted in the drowning of at least thirty Japanese fishermen who were out on the gulf of Georgia fishing for salmon. The tug Lorne reached here yesterday afternoon from Victoria bringing eleven Japanese picked up when they were nearly dead from exposure. Captain Butler of the Lorne learned from some of the English speaking Japanese that at least sixty-five fishing boats were out early yesterday when the storm broke. The Japanese declared that fully fifty men had been drowned or battered to death on the rocks when their boats were blown ashore. The whole gulf shore on the mainland from Howe's sound to Texada island is lined with the wrecks of fishing boats.

DESPERATE ENCOUNTER

Posse Of Citizens Chase Bank Robbers.

AT CHAGRIN FALLS, OHIO

One of the Robbers and One of the Citizens Were Shot—Deputy Marshal Was Held Up While Safe Was Looted.

Chagrin Falls, Ohio, Oct. 7.—A sensational and desperate bank and post office robbery occurred here this morning. An armed posse of citizens is chasing the desperadoes toward Cleveland. Several shots were exchanged between the cashier or Rogers & Son's private bank and the robbers, who were at work inside. One of the robbers was probably shot and wounded, but escaped. W. E. Rogers was shot, and John Hincley, deputy marshal, was held up while the safe was blown open and robbed.

COWS POISONED.

Dan Childs of Bethel Lost Two Thursday Night.

Bethel, Oct. 7.—A very suspicious case of acute illness developed in a valuable cow of Dan Childs in this village late Thursday evening. On going to the barn before retiring, Mr. Childs found one of his choice animals suffering intense agony. Assistance was called and remedies applied, but to no relief of the animal. In two hours the cow had expired.

In the morning of the same day he found another one dead in the stanchions and presumed it had got hung. On finding the second one an investigation was made of the field where the animals were pastured. Old paint cans left by a circus in July last were found. From these it was presumed that poison had been obtained, but upon an autopsy yesterday, indications pointed to other poison, as the stomach was badly eaten.

The stomach was forwarded for examination to the state chemist. Judgment is reserved until that investigation is reported on. It hardly seems credible that Mr. Childs has an enemy in town, as he has always been highly respected.

IN LITIGATION 21 YEARS.

Albert Sowles Insolvency Case Cost in That Time \$25,000.

St. Albans, Oct. 7.—The Albert Sowles estate in insolvency was formally settled and closed yesterday, when the insolvent debtor received his discharge, as well as the assignees and bondsmen, thus ending a case which has been running along for 21 years. The case, which attracted much attention at the time it was brought, was commenced in 1884 and has continued in the court of insolvency, the county court and the supreme court, in active litigation, practically the whole of that period. The costs and expenses of litigation in the case, have been upward of \$25,000 and nearly all of the lawyers in active practice at the Franklin county bar, have been at some time connected with the case. The proceedings were commenced shortly after the failure of the First National bank of this city, of which Albert Sowles was cashier, and property in Alburgh, Swanton and St. Albans was involved, as well as banking interests in Burlington and Middlebury. The discharge was received from Judge of Probate Kelton, under the old State insolvency law of 1879.

The home team was composed of cricket players selected from several local clubs and former college football men. The Philadelphians played a superior game in the first half of 45 minutes and scored one goal while the visitors failed to tally. In the second period of 20 minutes the Englishmen won because of the lack of physical condition of the home team.

FIRE-CRAZED, FIGHT POLICE

Hundreds of People Homeless in Brooklyn's "Little Italy."

MANY BUILDINGS BURNED

As They Saw Their Homes and Places of Occupation Burning People Became Lost to Reason and Ran Toward Fire.

New York, Oct. 7.—A spectacular fire in the lumber yards, ice houses, stables and storage sheds in Harlem's "Little Italy" early this morning caused \$100,000 damages. The fire burned through two blocks from 106th to 108th streets, and from Avenue "A" to First avenue. There was a panic among the foreign element in the district and the police had their hands full keeping the fire lines clear.

The storage sheds and wagon yards contained the only means of livelihood of those who lived in the neighborhood, and when they saw their possessions in danger they hurled themselves madly at the policemen in vain efforts to save hand organs or peddlers' carts. They were terrified and the police had to use their night sticks to prevent the mad-dened Italians, many of whom were women, from rushing into the flames. Ambulances were called to attend those who were crazed. Three firemen were burned.

UNION TO BUY AUTOS.

Street Railway Men Will Use Them During Strikes.

Chicago, Ill., Oct. 7.—The national convention of street railway employees, in session here, appropriated \$20,000 for the purchase of 10 automobiles to be used by the union to convey passengers wherever there is a street car strike, and profits from fares to go back into the defence fund from which the \$20,000 is to be taken.

The union owns three automobiles, which were used during a strike in Saginaw, Mich. Others were leased during a strike in Bloomington, Ill. W. D. Mahon, president of the national organization, admitted that 10 motor cars would not be of much use in case of a street car strike in Chicago or any large city. "But they would be a start, at least," he said, "and we could buy or lease more and an automobile is always good property."

TO KIDNAP ROCKEFELLER.

Pat Crowe in His Latest "Confession" Tells How He Planned It.

Butte, Mont., Oct. 7.—Pat Crowe, in jail awaiting officers from Omaha, has confessed again.

His latest is a story of a plan he formed, soon after the Cudahy kidnapping, to steal John D. Rockefeller and get \$2,000,000 ransom from his son in Chicago.

He took in a partner and they went to Cleveland to study the situation and concluded that it would be dead easy to steal old man Rockefeller from Forest Hill. It was planned to hold up the watchman, gag him, and then enter the house.

The time was fixed but Crowe's partner weakened at the last moment. Crowe then feared his partner might expose him and he fled to New York.

It was expected that the trial of this case would occupy from two to three weeks and because of that fact there would not be time to complete it before court will have to adjourn. It is probable that the case will be taken up at the spring term of court.

GEN. BARTLETT NOMINATED

Massachusetts Democracy Adopts Platform.

IS IN SESSION TODAY

Opposes Political Contributions by Insurance Companies—Sorry About Gov. Douglas' Declination.

Boston, Oct. 7.—The Massachusetts state convention was held in Faneuil hall today. The platform adopted calls for relief from tariff restrictions and says that relief could be obtained without disturbance of business, by placing upon the free list a number of raw materials, such as coal, iron, lumber, hides and wood pulp and by immediate enactment of a dual tariff law, which, while patterned after the present tariff as its maximum, would give liberal reductions in duty rates to those nations that will accord.

It advocates general laws to take the place of special laws in legislation relative to public service corporation. It favors prohibiting the corporations from contributing money for political purposes, advocates the election of United States senators by the people and asks for municipal ownership. It commends President Roosevelt for ending the war in the Far East and expresses regret that Gov. Douglas has declined a renomination.

It was announced this afternoon that ex-Mayor McNamee of Cambridge would withdraw as candidate for governor and would second the nomination of General Bartlett. Bartlett was then nominated.
